SECURA◊ NO-STING BARRIER FILM Skin Protectant is a film forming liquid which provides an effective barrier to intact or damaged skin.[1,2]* It can also be used on areas of the body that are at risk of friction damage caused by external surfaces, such as linens and mattresses.

Features and benefits

Skin protection

Has been shown to provide a protective layer when applied to intact or damaged skin due to urinary and/or faecal incontinence, bodily fluids, wound drainage, adhesives and friction.[1,3–6]*

Has been shown to help protect skin integrity from trauma during dressing removal.[3–6]†

Product features

- Low irritation[7]
- Rapid drying (under 30 seconds)[8]
- No noticeable sticky or tacky feel to the application area[9]
- Effective barrier for up to 4 days[1,2]
- Forms a long-lasting water-resistant barrier for up to 96hrs/4 days[2]
- The film is colourless, transparent and breathable[10,11]
- Forms a breathable barrier[10]
- Fragrance, latex, animal product and preservative free[12,13]

Ease of use

- Easy to apply[11]
- Easy to use[11]
- Provides an adherent surface for dressings/devices[4,6]
- Can be applied to awkward areas of the body (such as elbows and heels)[14]

Indications

SECURA NO-STING BARRIER FILM is a liquid intended for use as a film-forming product, that upon application to intact or damaged skin forms a long lasting waterproof barrier, which acts as a protective interface between the skin and bodily wastes, fluids, adhesive dressings, drainage tubes, external catheters, and surrounding ostomy sites.

It can also be used on heels, elbows and other areas of the body that are at risk of irritation due to friction damage caused by external surfaces such as linens and mattresses. The product may be used on adults, children and full term infants from one month.

Current therapy

SECURA NO STING BARRIER FILM Wipes are suitable for use with PICO◊ Single Use Negative Pressure Wound Therapy System fixation strips.[15]

Can be removed by common medical adhesive removers, such as UNI-SOLVE◊ Adhesive Remover Wipes, REMOVE◊ Adhesive Remover and ZOFF◊ Adhesive Remover Wipes.[11,16]
